

# Body/General/ER Imager - Swing Shift–Greater Seattle Area, Washington

## [Specific to each position]

Radia seeks a Body/General/ER imager comfortable reading a broad range exams including plain films, trauma and body CT, body MR, nuclear medicine and ultrasound including first trimester OB and vascular studies. A fellowship in Body Imaging or Emergency Radiology is preferred.

This is a Shareholder Track position.

This is a Swing Shift position with afternoon/evening hours and a 7 days on/7 days off schedule. The position offers up to 26 weeks off/year.

## [General Job requirements]

Radia is looking for candidates who possess the following essential characteristics: exceptional technical competence, productivity and a desire to work for the good of the practice. Respect across the entire spectrum of individuals with whom we interact is a must.

## [About us]

Radia is one of the most progressive and rapidly growing radiology groups in the nation, and the largest 100% physician owned and operated practice. Our team of nearly 200 board-certified radiologists, with specialty training in everything from Mammography to Neuroradiology and Musculoskeletal to Interventional, provides more than 50 hospital and specialty clinic partners throughout the Northwest with on-site radiology coverage and interpretations.

Radia offers a robust financial package including 401k with employer matching funds, profit sharing, competitive salaries, and expense packages for continuing medical education. We provide a mentoring program to support and promote professional acuity and leadership skills.

Successful candidates will have the opportunity to work with cutting edge technology, 24/7 subspecialty coverage and our 3D lab for advanced post processing and are supported through our distributed reading network.
