

# General/Body Imager – Spokane, WA/Coeur d’Alene, ID

## ABOUT THE POSITION

Radia seeks a Body/General Imager to work in Spokane, WA. Candidates need to be comfortable reading a broad range of exams including plain films, body CT and MR, and ultrasound including obstetric and vascular studies, as well as minor needle procedures. Body Imaging fellowship is optional.

This is a Shareholder Track position working predominantly weekday daytime shifts; with some afternoon/evening and weekend shifts. Most physicians take 10 vacation weeks per year and work approximately 9 weekends per year.

Radia offers a competitive compensation package including up to a \$25K signing bonus.

If you are interested in this position, please submit your CV to [jobs@radiax.com](mailto:jobs@radiax.com).

## ABOUT RADIA

One of the most important decisions any physician makes is the practice they join.

Radia PS is a 100% physician owned and managed practice, dedicated to the care of patients.

We are seeking physicians to join Radia in our partnership track.

Physicians will be reviewed by the Board of Directors for partnership recommendation to the shareholders 12- 24 months from joining, based on experience.

## Compensation and Benefits:

- First year guaranteed compensation (10 weeks off) is \$392,900.
- First year compensation (10 weeks off) with maximum performance pay is \$432,000.
- 2018 Shareholder compensation for this schedule is \$473,000.
- Additional income potential with working additional shifts.
- Profit sharing, malpractice, health insurance, and generous CME.

A major difference between Radia and many practices, we have consciously chosen to keep partner buy-in low. We want to retain good physicians.

In addition to proprietary workflow software and related technology, we have implemented machine learning in our environment.

Radia is one of the very few practices in the country with the scale, technology and ownership

structure to implement machine learning in a way that benefits patients and radiologists, not investors.
