

Breast /General Radiologist – South Sound Radiology

ABOUT THE POSITION

This is a unique opportunity to work in a small practice setting as part of the nation's largest 100% physician owned and operated radiology group. We are seeking a board certified or eligible radiologist with fellowship training and / or fellowship equivalent experience in breast imaging to join our team. This position offers a schedule with approximately 2/3 breast imaging shifts. Preferentially the candidate should be experienced in all modalities of breast imaging and intervention, including tomosynthesis and MRI.

Olympic Medical Center (OMC) is a progressive, up-to-date 67 bed hospital where a medical staff of 125 offers a high standard of care. We operate a patient-centered practice and have excellent relationships with our referring providers. This is an opportunity to work in a community practice setting, while enjoying the benefits and support of a large physician-owned and managed practice.

Ideal work schedule: 3 weeks on and 1 week off with 1 in 4 weekend call. Evening/overnight diagnostic interpretations are covered via our internal network. There is limited procedural call shared among the group.

Radia offers a competitive compensation package including up to a \$25K signing bonus. Potential first year W-2 income is \$430K (base + incentive).

If you are interested in this position, please submit CV and cover letter to jobs@radiax.com.

ABOUT RADIA

One of the most important decisions any physician makes is the practice they join.

Radia PS is a 100% physician owned and managed practice, dedicated to the care of patients.

We are seeking physicians to join Radia in our partnership track.

Physicians will be reviewed by the Board of Directors for partnership recommendation to the shareholders 12- 24 months from joining, based on experience.

Shift Compensation

- First year guaranteed salary is \$408,200
- First year salary with maximum incentive pay is \$449,000
- Shareholder compensation for this for this position is \$490,000
- Profit sharing, malpractice, health insurance, and generous CME are offered

A major difference between Radia and many practices, we have consciously chosen to keep partner buy-in low compared with other practices, we want to retain good physicians.

In addition to proprietary workflow software and related technology, we have implemented machine learning in our environment.

Radia is one of the very few practices in the country with the scale, technology and ownership structure to implement machine learning in a way that benefits patients and radiologists, not investors.
